

ARTFEST ANNEX INFO & POLICIES

LOCATION

The Artfest Annex is located right in the center of Pioneer Square in downtown Seattle. We are one block from the Ferry Dock. The address is 89 yesler way. The space is only open during workshops, first thursdays and other events we advertise.

TO ENROLL

To enroll in a workshop simply click the register button on the class page of your choice. If you have any questions you can email me at artgirl777@aol.com.

Due to limited class size, purchased spots for all workshops are transferable to another student but non-refundable. We will keep a waiting list if applicable and will refer you to people wanting a spot in the class. You would need to contact them and get payment directly from them. If you cannot find a replacement and we have no waiting list, you will not receive a refund. We cannot apply the funds to another workshop.

LODGING

The closest hotel is about 3 doors down from the Artfest Annex. It is a Best Western and includes breakfast. Check out www.pioneersquare.com for more info.

TRANSPORTATION FROM AIRPORT

We now have a "sounder" (light rail) from SEATAC airport to downtown. It lets you off in the bus tunnel about 2-3 blocks from our space. You would get off at the pioneer square stop. You would then make your way towards the water. 89 yesler way (it's on the other side of 1st ave.) Visit www.soundtransit.org/Rider-Guide/Sounder-train.xml for more information.

PARKING

There are 2 lots close to the annex (within 1/2 block). One is usually \$10/day if you arrive before 10am. This lot is located right by the viaduct and yesler. Metered parking is not recommended as you need to plug the meter every 2 hours. However...on Sundays you can park on the streets for free. Many times, parking in the lots is cheaper on weekends. Check out our parking guide at: www.teeshamoore.com/annex/where.html

DINING

We have several eateries within a block of the annex. You will be given a map at the start of each workshop. During lunch, you are given an hour to take a walk and get something. You may also bring a sack lunch. We have a fridge but no microwave.

MISC

The space is located up 2 short flights of stairs. There is no elevator. Smoking is not allowed in the building. If you have any questions you can email me at artgirl777@aol.com
